

Anchor Connector 锚连接器

Stainless steel AISI 316 anchor connector with swivel. With an anchor chain swivel attached to the anchor it is impossible for the chain to get twisted. The oval shaped joint allows perfect sliding of the anchor through the roller with no risk of damaging any components.

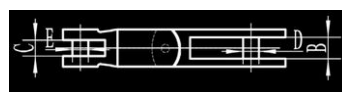

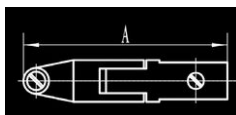

316 不锈钢材质，使用带转环的锚连接器可以防止锚链结整体成椭圆形，易于在锚支架表面滑行，同时不损坏任何其他部件
